

## **CHILD PROTECTION POLICY**

We take all the necessary measures to respect children's rights and to protect.

We support all kinds of precautionary measures to protect children before they fall into poor conditions and lack of care.

We support institutions and organizations that mainly ensure society reintegration of children involved in crime or exposed to crimes.

We are in collaboration with all stakeholders that provide services to children.

We organize activities that enhance social awareness for the prevention of violence against children.

We organize seminars on child protection for our staff.

We support all kinds of events and activities on protecting children in locations of our hotels.
