

## DISADVANTAGED HEALTH AND SAFETY POLICY

Every person has the right to have a holiday and holiday is a need. For this reason, it is our first priority to provide the appropriate physical infrastructure for all disabled and non-disabled guests of the accommodation facilities you serve, both in the rooms and in the interior and exterior general areas, meticulously from the planning stage.

For the sustainability of disadvantaged guest satisfaction, the uninterrupted supply and training of appropriate personnel and the follow-up of changing technological developments are also a priority for our facility.

We serve our disadvantaged guests not only in their rooms but also in all our service areas with all our devotion to provide them with the comfort of their homes with our understanding of service to everyone on equal terms and our staff trained in their field. Our corporate consciousness is our priority to make the disadvantage in physical areas accessible for the comfort and comfort of our guests by adopting a management approach that adopts the philosophy that disadvantage is not in the person but in the physical area.

Since we believe that all citizens, whether disadvantaged or not, should have the right to work, disadvantaged personnel are also employed in our facility.

In this context, our disadvantaged awareness policy is to remove the obstacle to a holiday on equal terms for everyone.
